

Your Story / A Personal Narrative about Race

For your next assessment, you are going to tell a story about race and identity. First, you should create a character. Then, you will tell a story from the perspective of the character (in the first person).

Part One

Watch a short video and take notes.

What is the narrators background?

Has the narrator experienced racism? How?

What was the main event the narrator talked about?

Where did the story take place?

What emotions did the narrator feel?

Part Two

Create your own character and story. You will need to do some research to make sure your story is realistic.

Character's Name:

His/her age:
